

Konnect Access Admin User Manual

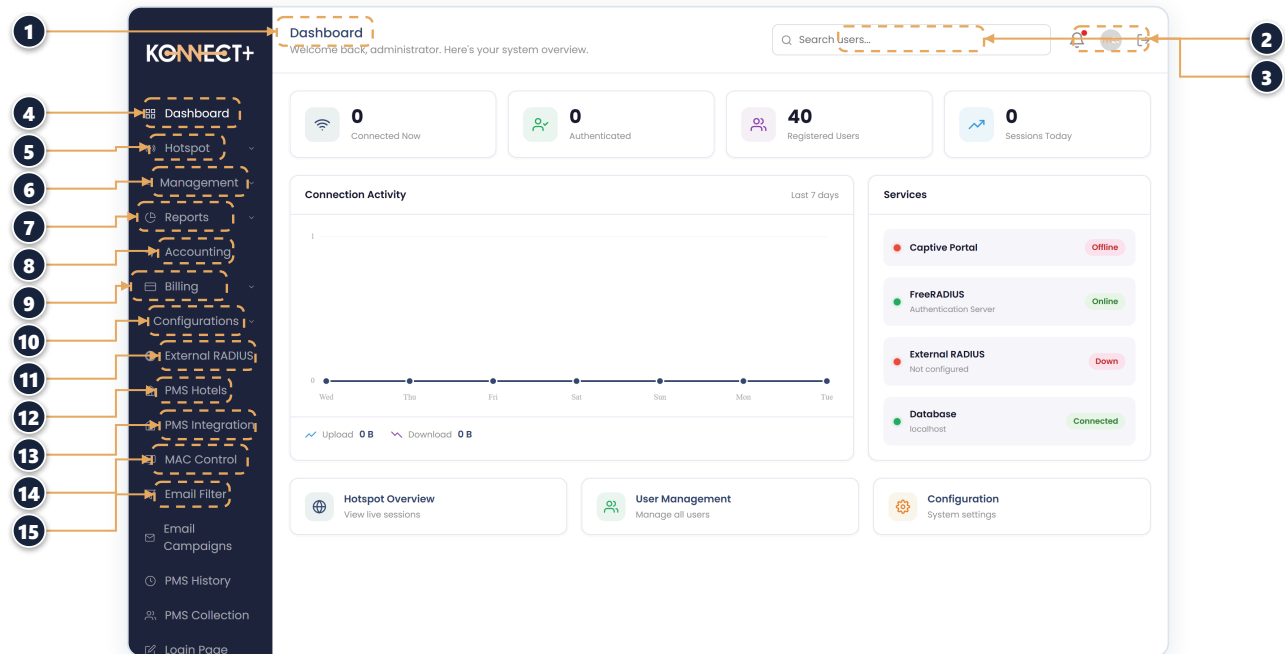

A screen-by-screen guide to the KONNECT+ Wi-Fi console — RADIUS management, reporting, accounting, billing, PMS and captive-portal — in plain language.

How to read this manual

On each screenshot, every control is outlined with a dashed box and linked by a thin line to a number in the margin. The numbered list underneath explains what each one does.

Getting around the console

Every screen shares the same frame: the KONNECT+ menu on the left and a search / account bar on top.

WHAT EACH PART DOES

- | | |
|---|--|
| <p>1 Page title
Tells you which screen you're on.</p> <p>2 Search users
Jump straight to any user by name.</p> <p>3 Account / sign out
Your operator; the arrow signs you out.</p> <p>4 Dashboard
Live overview home.</p> <p>5 Hotspot
Live sessions, autologin, history, vouchers.</p> <p>6 Management
Users, NAS, groups, IP pools.</p> <p>7 Reports
Online users, logs, status, usage.</p> <p>8 Accounting
Session accounting records.</p> | <p>9 Billing
POS, plans, rates, invoices, payments.</p> <p>10 Configurations
System settings, operators, backups.</p> <p>11 External RADIUS
External AAA server.</p> <p>12 PMS Hotels
Hotel PMS accounts (Opera).</p> <p>13 PMS Integration
Connect / test the PMS.</p> <p>14 MAC Control
Allow / block devices by MAC.</p> <p>15 Email Filter
Whitelist e-mails for social/e-mail login.</p> |
|---|--|

1. Signing in

Enter your operator e-mail/username and password, choose the location, then Login. KONNECT+ manages your Wi-Fi RADIUS, reporting, accounting and billing.

The screenshot shows the KONNECT+ login page. It features a central form with the following elements:

- 1 Logo:** The KONNECT+ logo at the top of the form.
- 2 Email / username:** A text input field containing the text "administrator".
- 3 Password:** A password input field.
- 4 Location:** A dropdown menu showing "default".
- 5 Login:** A blue button labeled "Login".

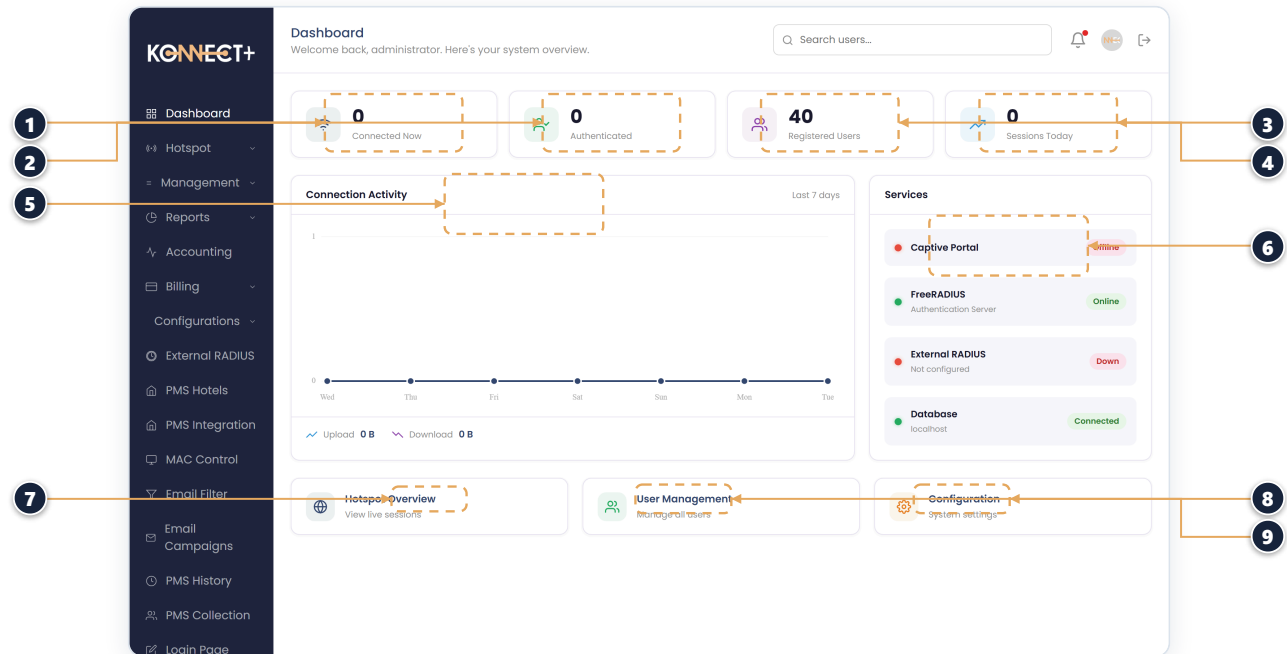

Below the form, there is a small line of text: "Radius Management, Reporting, Accounting and Billing by KONNECT+ team | KONNECT+".

WHAT EACH CONTROL DOES

- | | |
|---|--|
| <p>1 Logo
The KONNECT+ console.</p> <p>2 Email / username
Your operator account.</p> <p>3 Password
Your operator password.</p> | <p>4 Location
The site this login manages.</p> <p>5 Login
Enter the console.</p> |
|---|--|

2. Dashboard

Live overview: who's connected, service health and quick shortcuts.

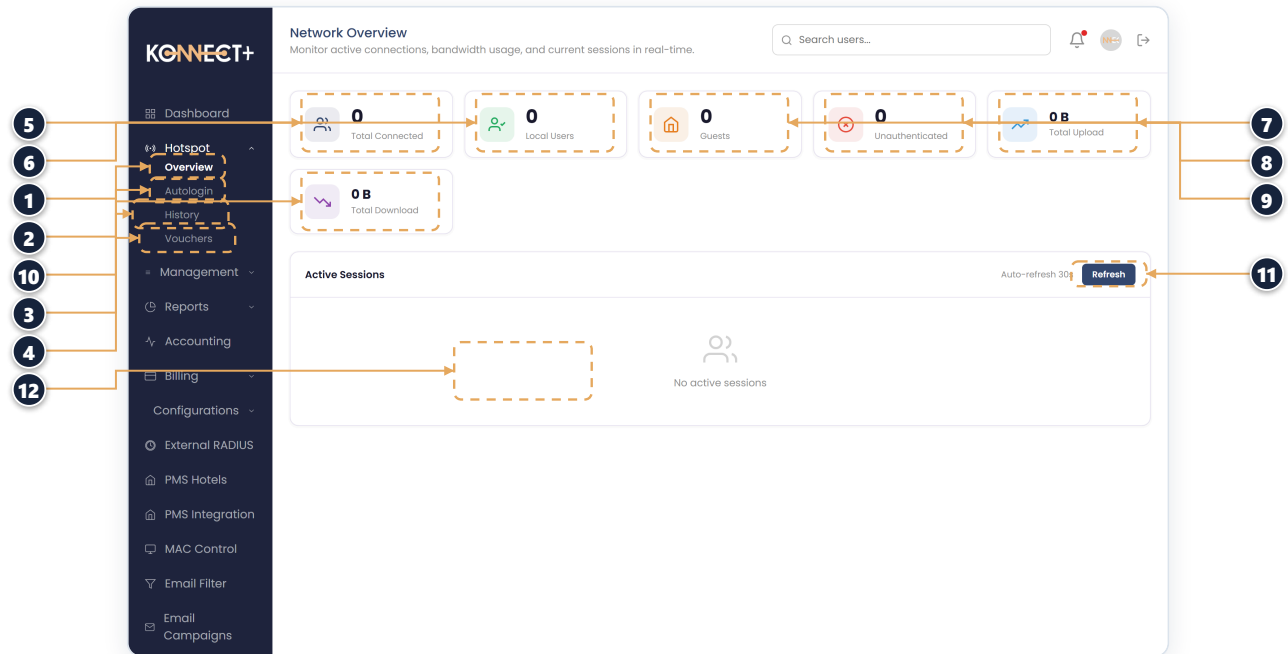

WHAT EACH CONTROL DOES

- | | |
|---|--|
| <p>1 Connected Now
Devices connected right now.</p> <p>2 Authenticated
Sessions authenticated on RADIUS.</p> <p>3 Registered Users
Total accounts.</p> <p>4 Sessions Today
Sessions started today.</p> <p>5 Connection Activity
Upload / download over 7 days.</p> | <p>6 Services
Health of Captive Portal, FreeRADIUS, External RADIUS, DB.</p> <p>7 Hotspot Overview
Shortcut to live sessions.</p> <p>8 User Management
Shortcut to users.</p> <p>9 Configuration
Shortcut to settings.</p> |
|---|--|

3. Hotspot — Network Overview

Real-time view of who's on the Wi-Fi, how much data is flowing, and every active session.

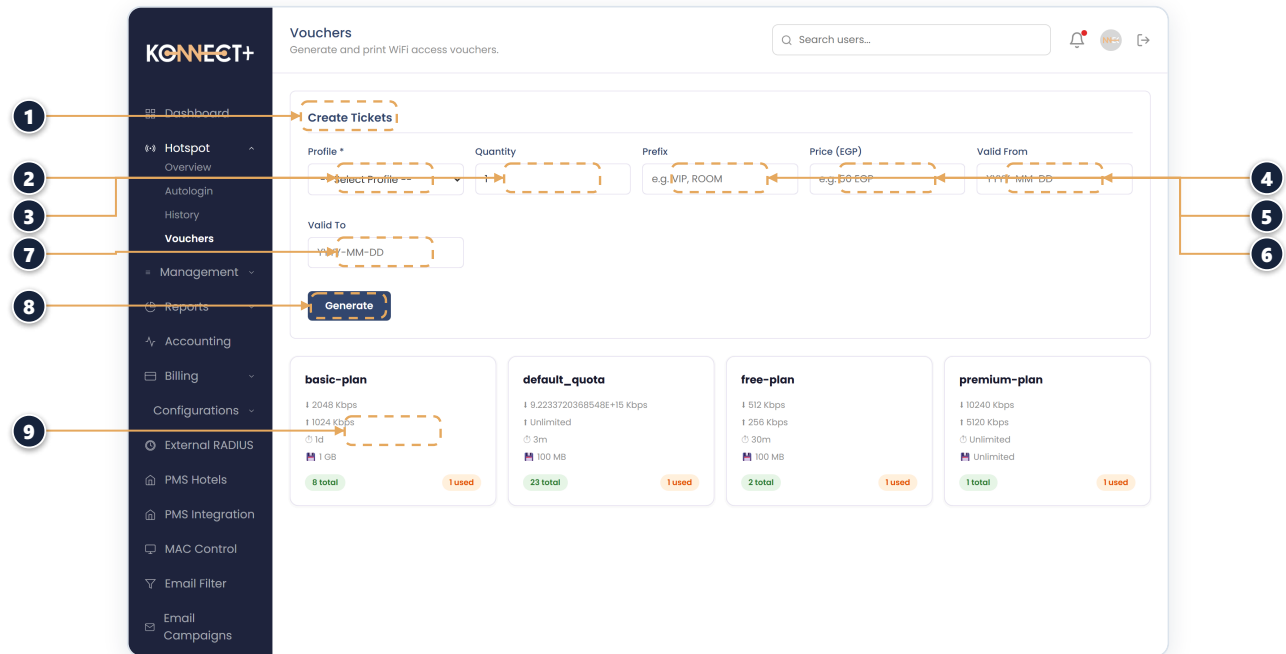

WHAT EACH CONTROL DOES

- | | |
|--|--|
| <p>1 Overview
This live overview (shown).</p> <p>2 Autologin
Device auto-login rules.</p> <p>3 History
Past sessions.</p> <p>4 Vouchers
Prepaid access vouchers.</p> <p>5 Total Connected
Devices connected now.</p> <p>6 Local Users
Local RADIUS users online.</p> | <p>7 Guests
Guest (PMS) users online.</p> <p>8 Unauthenticated
Devices not yet logged in.</p> <p>9 Total Upload
Aggregate upload.</p> <p>10 Total Download
Aggregate download.</p> <p>11 Refresh
Refresh the live session list (auto every 30s).</p> <p>12 Active Sessions
Each live session appears here.</p> |
|--|--|

4. Hotspot — Vouchers

Generate and print prepaid Wi-Fi access vouchers (codes guests redeem to get online).

WHAT EACH CONTROL DOES

- | | |
|--|---|
| <p>1 Create Tickets
Generate a batch of vouchers.</p> <p>2 Profile
Speed / quota profile for the vouchers.</p> <p>3 Quantity
How many vouchers to make.</p> <p>4 Prefix
Optional code prefix (e.g. VIP).</p> <p>5 Price
Optional price per voucher.</p> | <p>6 Valid From
Start of validity.</p> <p>7 Valid To
End of validity.</p> <p>8 Generate
Create & print the vouchers.</p> <p>9 Profile cards
Each profile with its speed / quota / voucher counts.</p> |
|--|---|

5. Hotspot — Autologin

Rules that let known devices reconnect automatically without logging in again.

The screenshot shows the 'Autologin Devices' page in the KONECT+ application. The interface includes a sidebar menu, a main header, and a device list table. Numbered callouts identify key UI elements:

- 1**: Page title 'Autologin Devices'.
- 2**: Section menu in the sidebar.
- 3**: List heading 'Total Devices'.
- 4**: 'Add rule' button.
- 5**: Table containing the device list.
- 6**: Row actions (Disable/Delete) for each device.

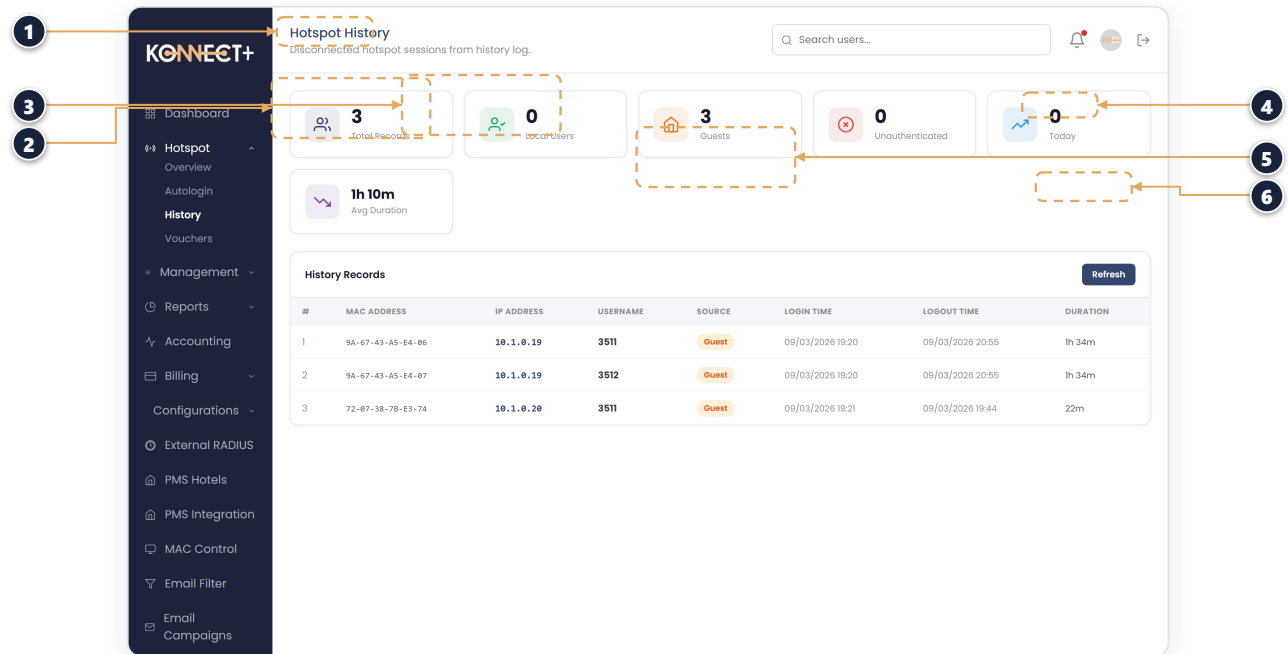

STATUS	MAC ADDRESS	NAME	DOWNLOAD	UPLOAD	ONLINE	ACTIONS
Active	00-1A-2B-3C-4D-5E	Room 1	10 Kbps	10 Kbps	Offline	Disable Delete
Active	02-00-5E-10-00-00	Room 4	10 Kbps	10 Kbps	Offline	Disable Delete
Active	A4-C3-F0-88-99-12	Room 3	10 Kbps	10 Kbps	Offline	Disable Delete
Active	BC-53-FE-23-45-67	Room 2	10 Kbps	10 Kbps	Offline	Disable Delete
Active	E8-55-60-9A-3B-C4	Room 5	10 Kbps	10 Kbps	Offline	Disable Delete

WHAT EACH CONTROL DOES

- | | |
|--|---|
| <p>1 Page title
Which screen you're on.</p> <p>2 Section menu
The links for this section (list / new / import...).</p> <p>3 List heading
Autologin rules / devices.</p> | <p>4 Add rule
Add an autologin rule.</p> <p>5 Table
The records shown in a sortable table.</p> <p>6 Row actions
Edit or delete each row.</p> |
|--|---|

6. Hotspot — History

A searchable history of past hotspot sessions.

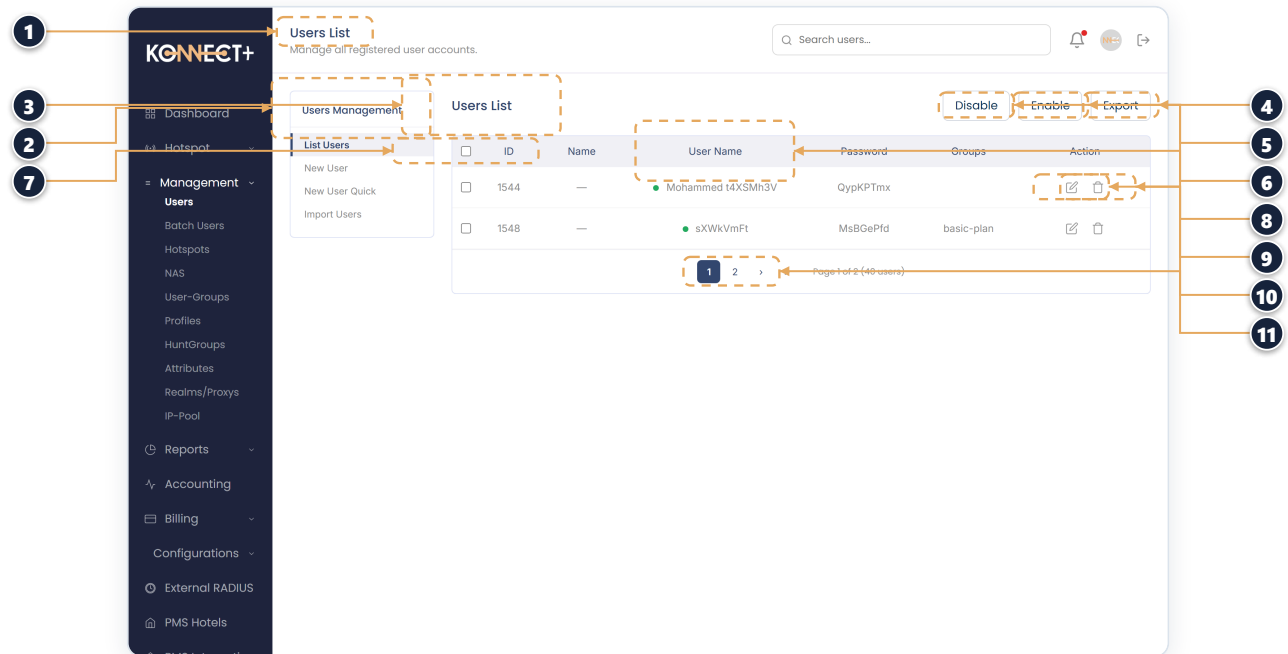

WHAT EACH CONTROL DOES

- | | |
|---|---|
| <p>1 Page title
Which screen you're on.</p> <p>2 Section menu
The links for this section (list / new / import...).</p> <p>3 List heading
Past sessions, most recent first.</p> | <p>4 Filter
Filter the history by date / user.</p> <p>5 Table
The records shown in a sortable table.</p> <p>6 Row actions
Edit or delete each row.</p> |
|---|---|

7. Management — Users

Every RADIUS user account. Create, edit, enable/disable, export or import users.

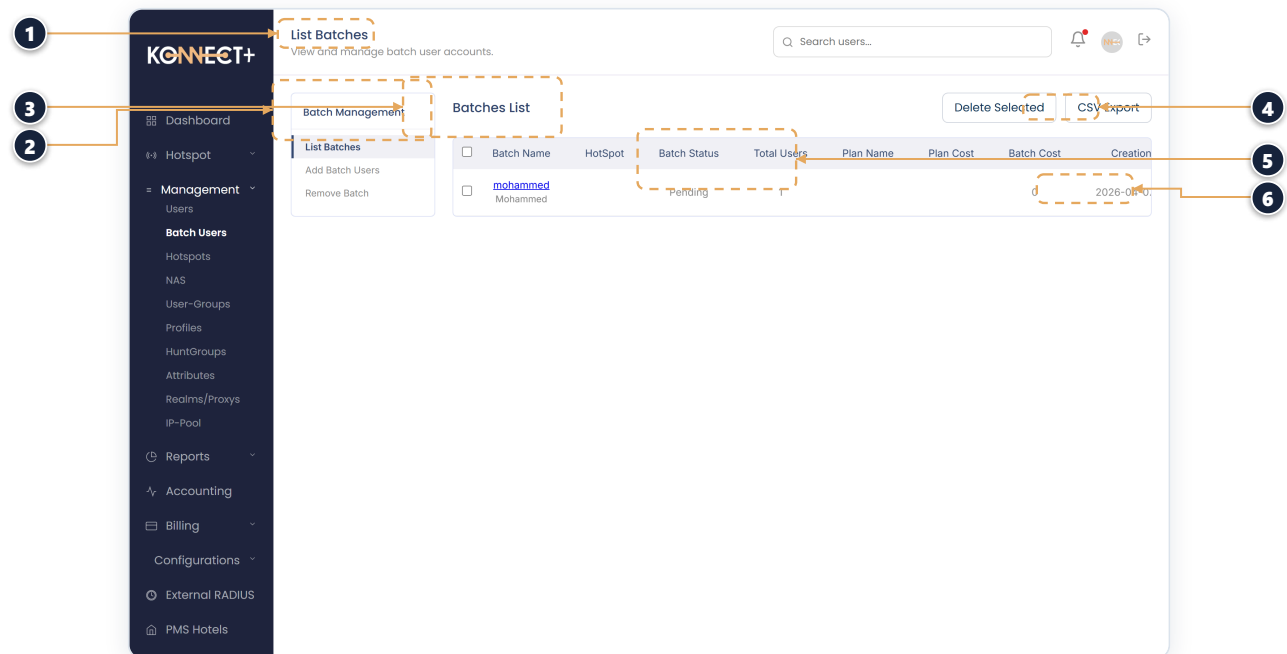

WHAT EACH CONTROL DOES

- | | |
|--|---|
| <p>1 Page title
Which screen you're on.</p> <p>2 Users menu
List / New / Quick-add / Import users.</p> <p>3 Users List
All registered accounts.</p> <p>4 Disable
Disable the ticked accounts.</p> <p>5 Enable
Enable the ticked accounts.</p> <p>6 Export
Export the list to a file.</p> | <p>7 Select
Tick rows to act on several at once.</p> <p>8 Columns
ID, name, username, password, groups.</p> <p>9 Edit row
Open that user to edit.</p> <p>10 Delete row
Remove that user.</p> <p>11 Pagination
Move between pages (40 users).</p> |
|--|---|

8. Management — Batch Users

Create many users at once (voucher batches) and manage existing batches.

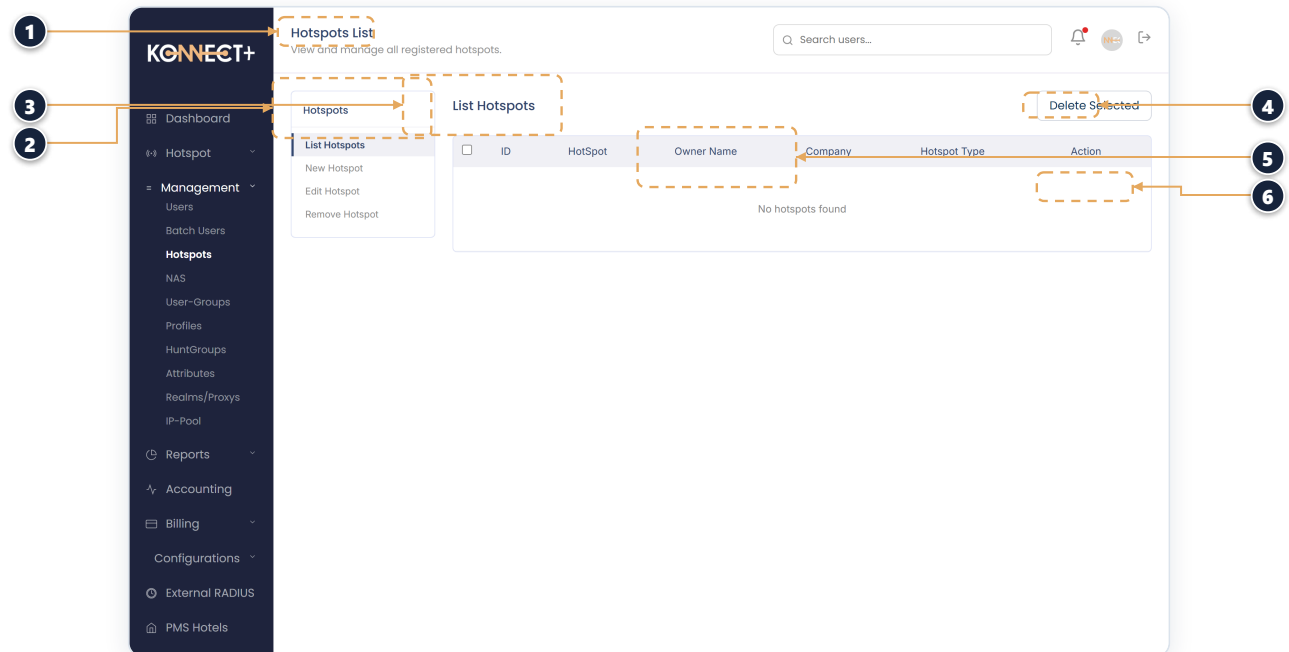

WHAT EACH CONTROL DOES

- | | |
|---|--|
| <p>1 Page title
Which screen you're on.</p> <p>2 Section menu
The links for this section (list / new / import...).</p> <p>3 List heading
The user batches.</p> | <p>4 New batch
Create a new batch of users.</p> <p>5 Table
The records shown in a sortable table.</p> <p>6 Row actions
Edit or delete each row.</p> |
|---|--|

9. Management — Hotspots

Define your hotspots (sites / venues) that guests connect through.

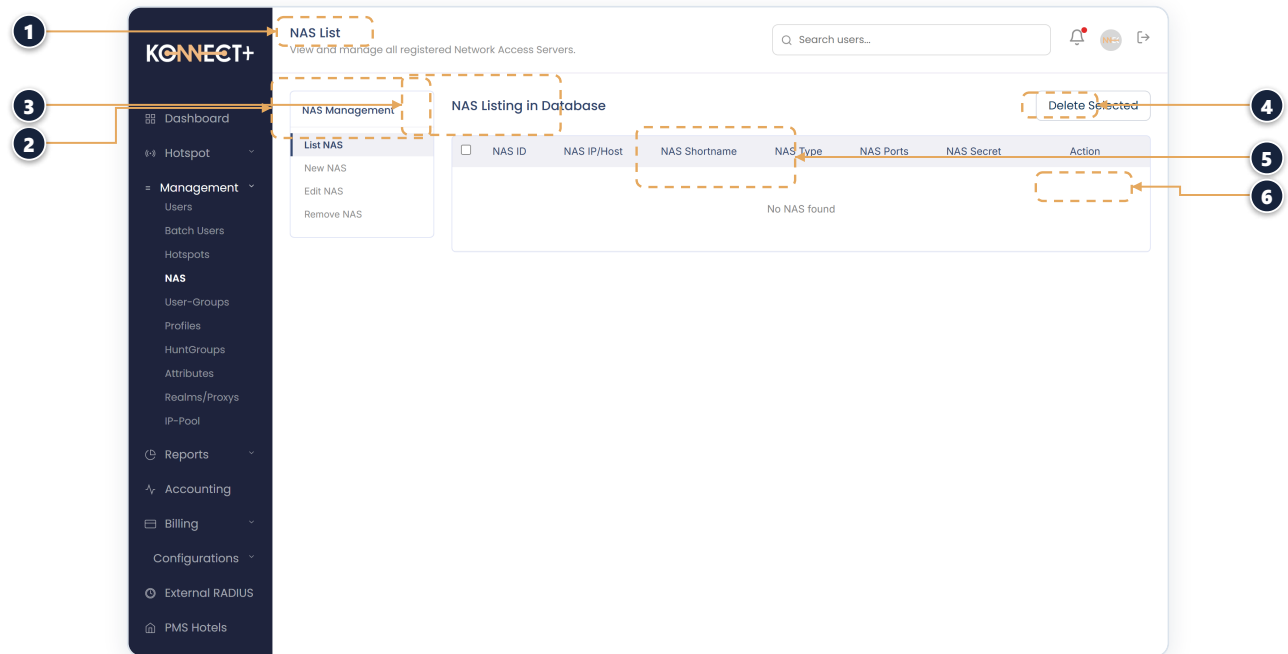

WHAT EACH CONTROL DOES

- | | |
|--|--|
| <p>1 Page title
Which screen you're on.</p> <p>2 Section menu
The links for this section (list / new / import...).</p> <p>3 List heading
Your hotspots.</p> | <p>4 New hotspot
Add a hotspot.</p> <p>5 Table
The records shown in a sortable table.</p> <p>6 Row actions
Edit or delete each row.</p> |
|--|--|

10. Management — NAS

The NAS devices (access points / controllers) that talk to RADIUS. Each must be registered with its shared secret.

WHAT EACH CONTROL DOES

- | | |
|---|---|
| <p>1 Page title
Which screen you're on.</p> <p>2 Section menu
The links for this section (list / new / import...).</p> <p>3 List heading
Registered NAS devices.</p> | <p>4 New NAS
Add an access point / controller.</p> <p>5 Table
The records shown in a sortable table.</p> <p>6 Row actions
Edit or delete each row.</p> |
|---|---|

11. Management — User-Groups

Groups that bundle policy/attributes and are applied to users.

The screenshot shows the KONECT+ User-Group Management interface. It features a sidebar menu on the left with options like Dashboard, Hotspot, Management, Users, Batch Users, Hotspots, NAS, User-Groups, Profiles, HuntGroups, Attributes, Realms/Proxys, IP-Pool, Reports, Accounting, Billing, Configurations, External RADIUS, and PMS Hotels. The main content area is titled 'User-Group List' and includes a search bar, a 'Delete Selected' button, and a table of user-group mappings. The table has columns for Username, Name, Groupname, Priority, and Action. The 'Action' column contains edit and delete icons. Numbered callouts 1-6 point to specific UI elements: 1 points to the page title 'User-Group List', 2 points to the 'User-Group' section menu, 3 points to the 'List User-Groups' button, 4 points to the 'New User-Group' button, 5 points to the table header, and 6 points to the row actions (edit and delete icons).

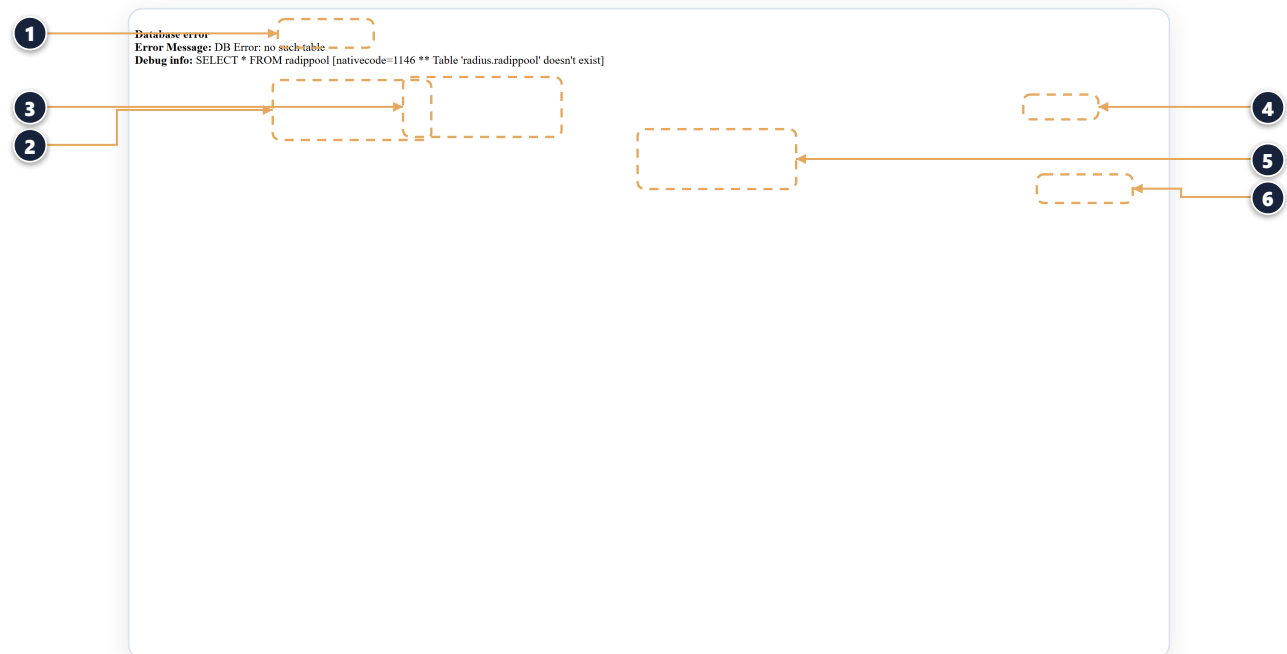

Username	Name	Groupname	Priority	Action
101	—	default_quota	1	
102	—	default_quota	1	
203	—	default_quota	1	
204	—	default_quota	1	
2503	—	default_quota	1	
2504	—	default_quota	1	
2514	—	default_quota	1	
2803	—	default_quota	1	
2804	—	default_quota	1	
3011	—	default_quota	1	
305	—	default_quota	1	
306	—	default_quota	1	

WHAT EACH CONTROL DOES

- | | |
|---|--|
| 1 Page title
Which screen you're on. | 4 New group
Create a group. |
| 2 Section menu
The links for this section (list / new / import...). | 5 Table
The records shown in a sortable table. |
| 3 List heading
User groups. | 6 Row actions
Edit or delete each row. |

12. Management — IP-Pool

Pools of IP addresses handed out to connected clients.

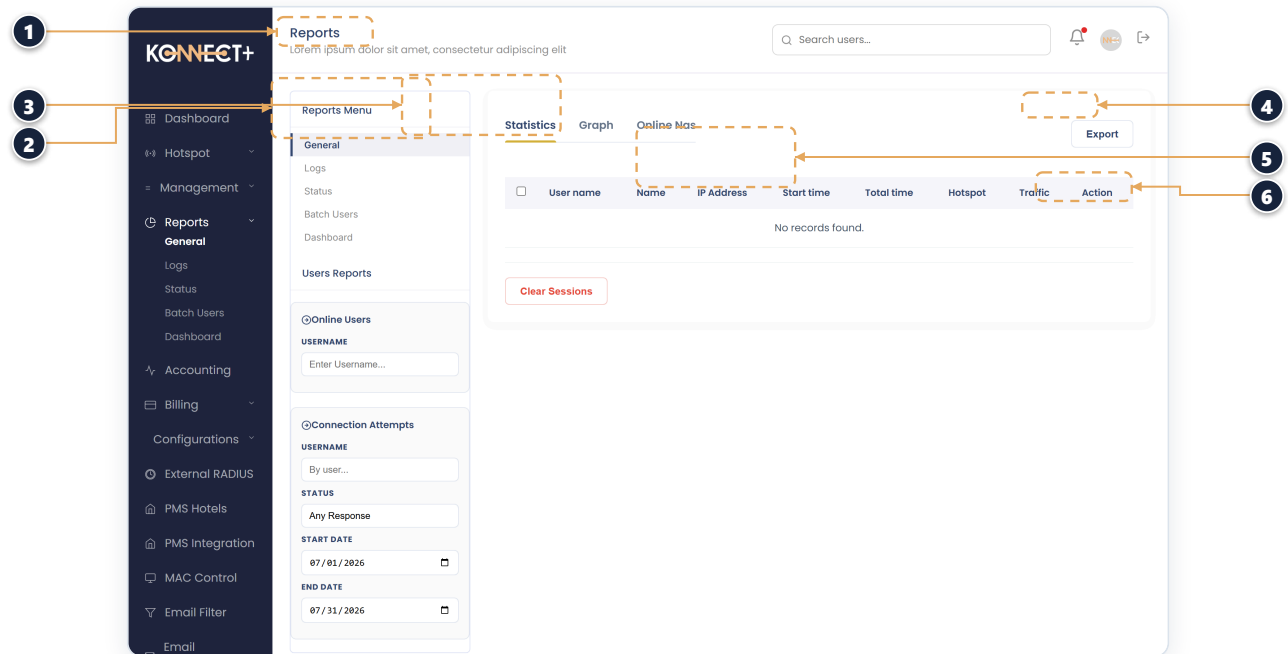

WHAT EACH CONTROL DOES

- | | |
|---|--|
| 1 Page title
Which screen you're on. | 4 New pool
Add an IP pool. |
| 2 Section menu
The links for this section (list / new / import...). | 5 Table
The records shown in a sortable table. |
| 3 List heading
IP address pools. | 6 Row actions
Edit or delete each row. |

13. Reports — Online Users

Everyone currently connected, live.

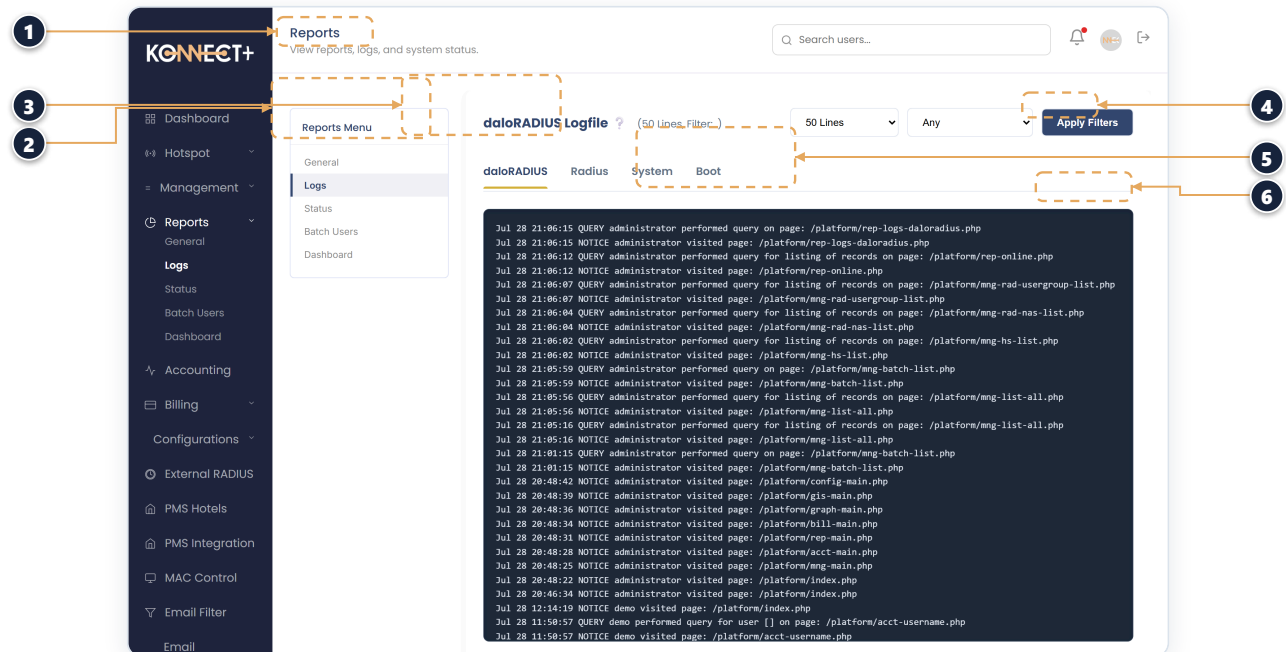

WHAT EACH CONTROL DOES

- | | |
|---|--|
| <p>1 Page title
Which screen you're on.</p> <p>2 Section menu
The links for this section (list / new / import...).</p> <p>3 List heading
Users online right now.</p> | <p>4 Refresh
Refresh the live list.</p> <p>5 Table
The records shown in a sortable table.</p> <p>6 Row actions
Edit or delete each row.</p> |
|---|--|

14. Reports — Logs

System and RADIUS logs for troubleshooting.

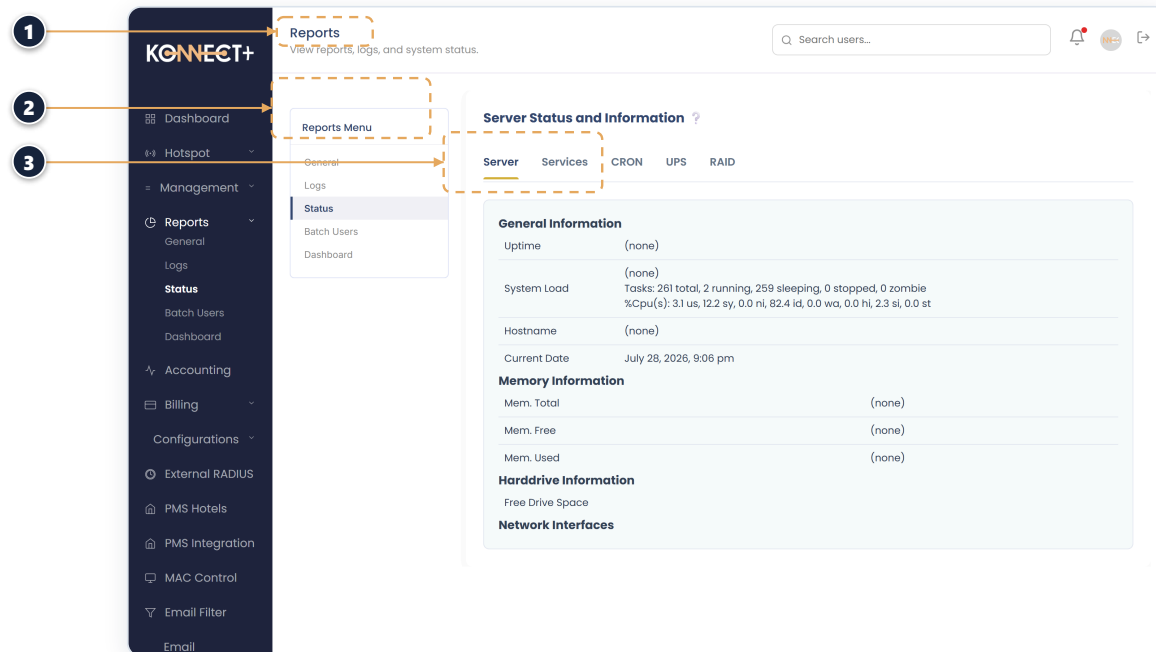

WHAT EACH CONTROL DOES

- | | |
|--|--|
| <p>1 Page title
Which screen you're on.</p> <p>2 Section menu
The links for this section (list / new / import...).</p> <p>3 List heading
Log entries, newest first.</p> | <p>4 Filter
Filter / search the logs.</p> <p>5 Table
The records shown in a sortable table.</p> <p>6 Row actions
Edit or delete each row.</p> |
|--|--|

15. Reports — Status

Live status of the server and RADIUS services.

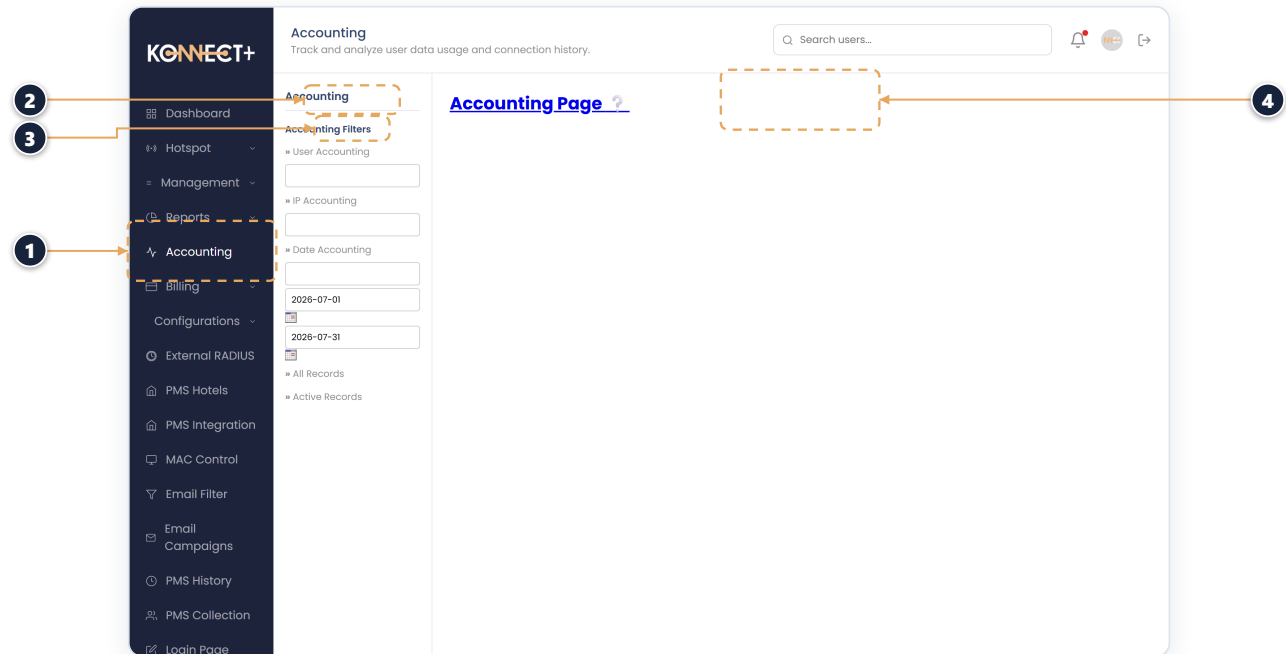

WHAT EACH CONTROL DOES

- 1 Page title**
Which screen you're on.
- 2 Reports menu**
Switch report.
- 3 Status panels**
CPU, memory, disk, service and RADIUS health.

16. Accounting

Session accounting — who connected, for how long, and how much data. Pick a view from the sub-menu.

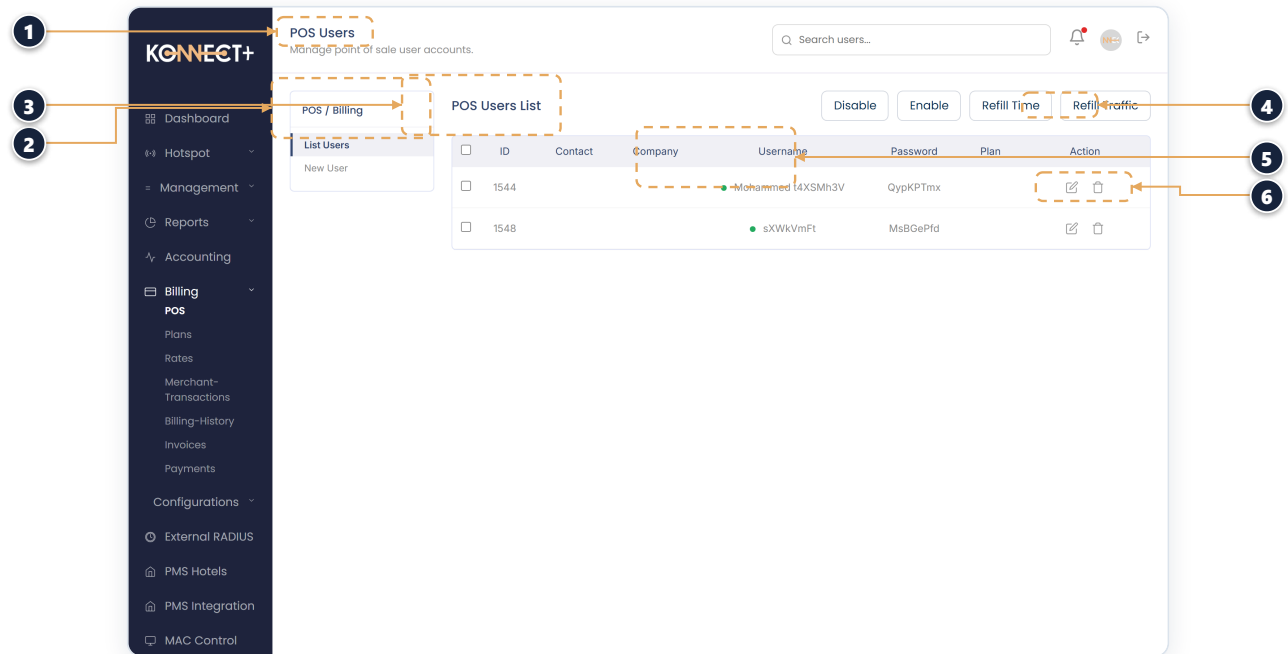

WHAT EACH CONTROL DOES

- | | |
|---|---|
| 1 Accounting (menu)
The Accounting section. | 3 Accounting views
Active, by date, by user, hotspot, custom query... |
| 2 Section title
The area you're in. | 4 Results
The chosen report shows here. |

17. Billing — Point of Sale

Sell Wi-Fi access at a counter — pick a plan, take payment, print the voucher/receipt.

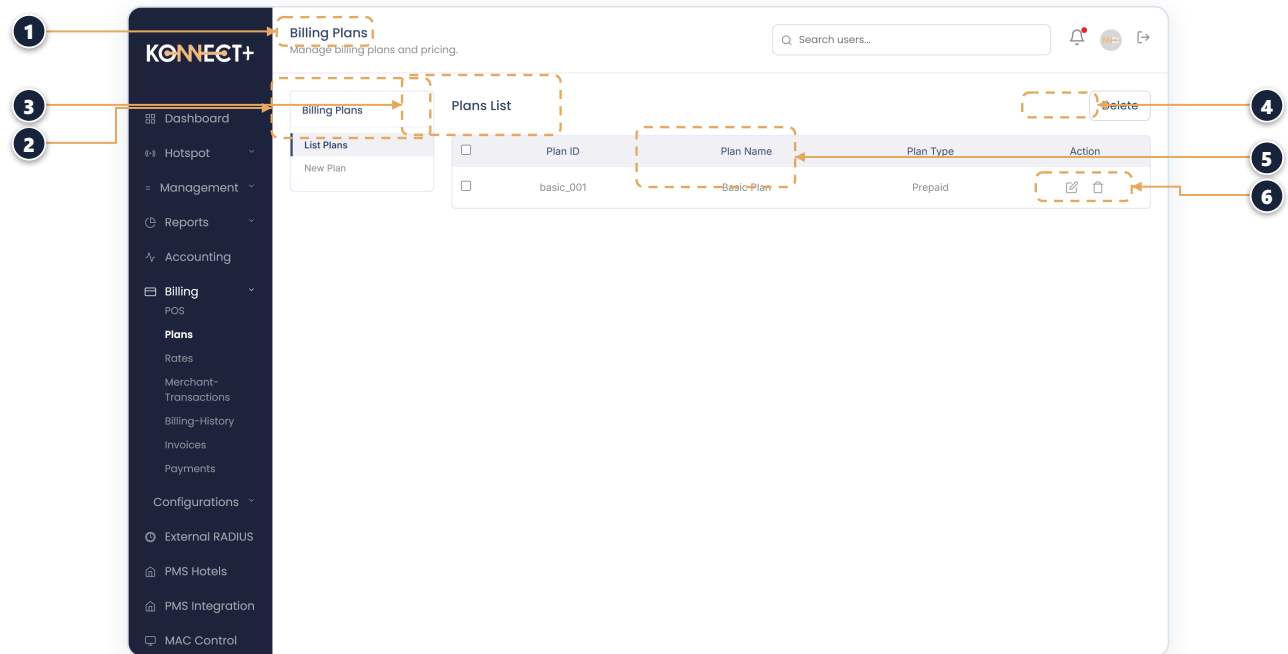

WHAT EACH CONTROL DOES

- | | |
|--|---|
| <p>1 Page title
Which screen you're on.</p> <p>2 Section menu
The links for this section (list / new / import...).</p> <p>3 List heading
Point-of-sale records.</p> | <p>4 New sale
Start a new point-of-sale transaction.</p> <p>5 Table
The records shown in a sortable table.</p> <p>6 Row actions
Edit or delete each row.</p> |
|--|---|

18. Billing — Plans

Access plans — the packages (time / data / price) guests can buy.

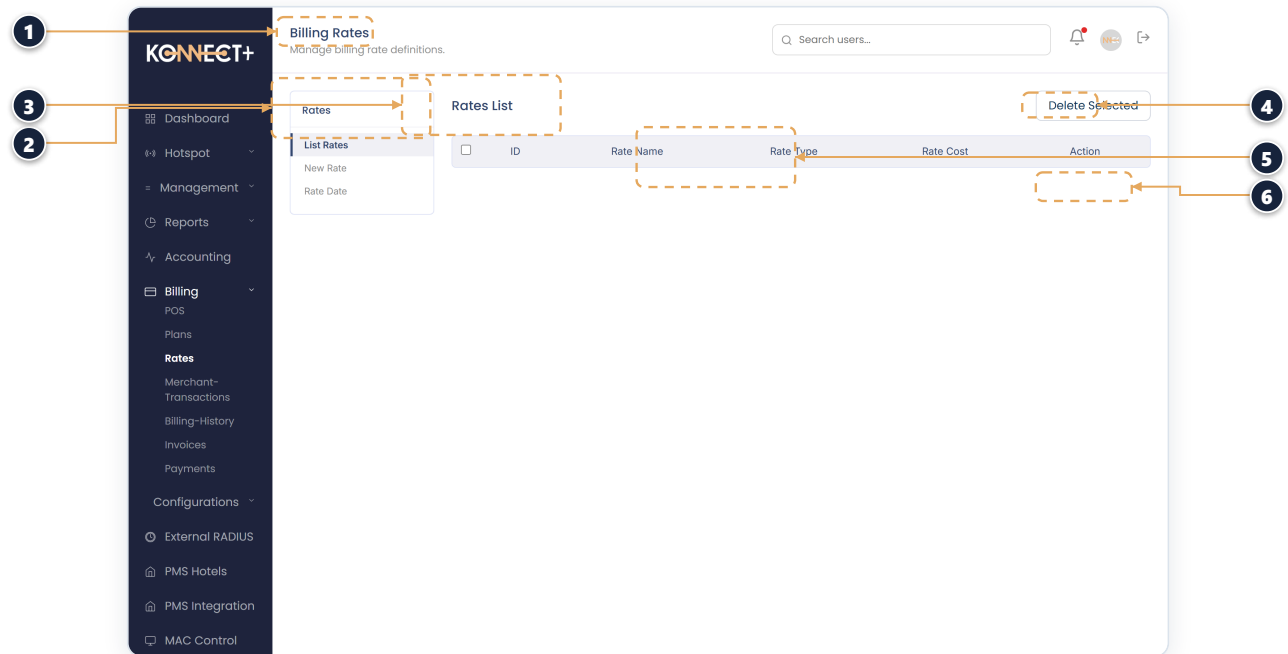

WHAT EACH CONTROL DOES

- | | |
|--|---|
| <p>1 Page title
Which screen you're on.</p> <p>2 Section menu
The links for this section (list / new / import...).</p> <p>3 List heading
Your access plans.</p> | <p>4 New plan
Create a plan.</p> <p>5 Table
The records shown in a sortable table.</p> <p>6 Row actions
Edit or delete each row.</p> |
|--|---|

19. Billing — Rates

Rating rules used to price usage.

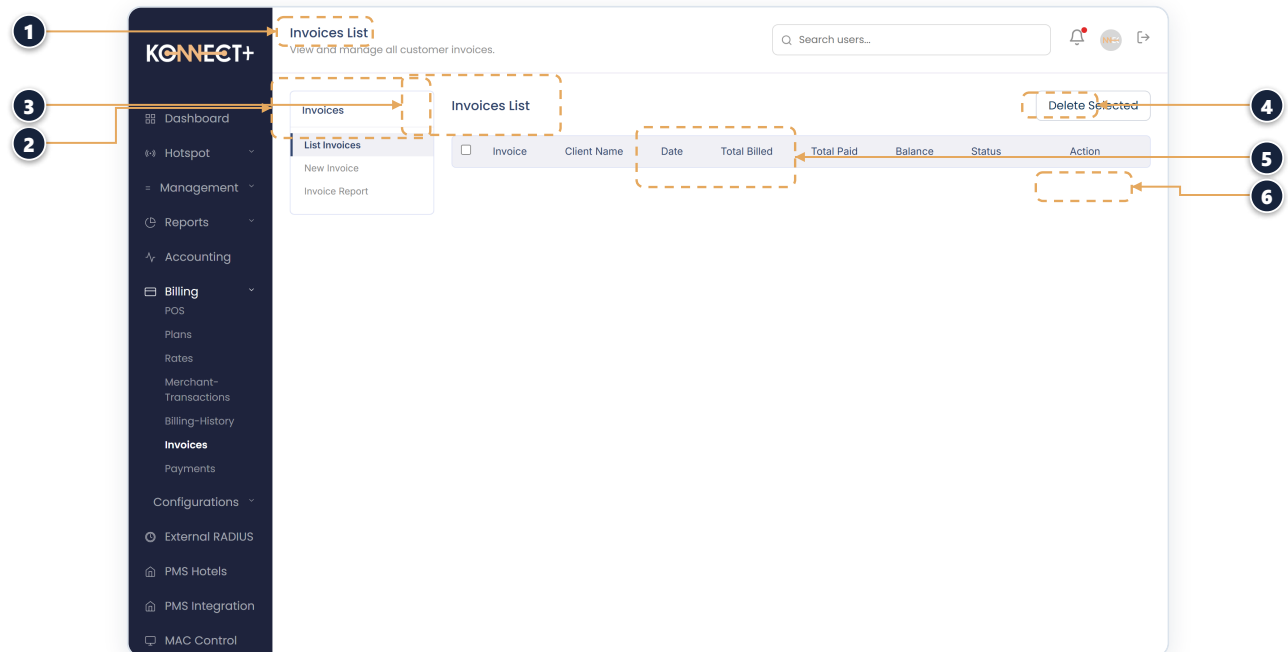

WHAT EACH CONTROL DOES

- | | |
|---|--|
| <p>1 Page title
Which screen you're on.</p> <p>2 Section menu
The links for this section (list / new / import...).</p> <p>3 List heading
Rating rules.</p> | <p>4 New rate
Add a rate.</p> <p>5 Table
The records shown in a sortable table.</p> <p>6 Row actions
Edit or delete each row.</p> |
|---|--|

20. Billing — Invoices

Generated invoices.

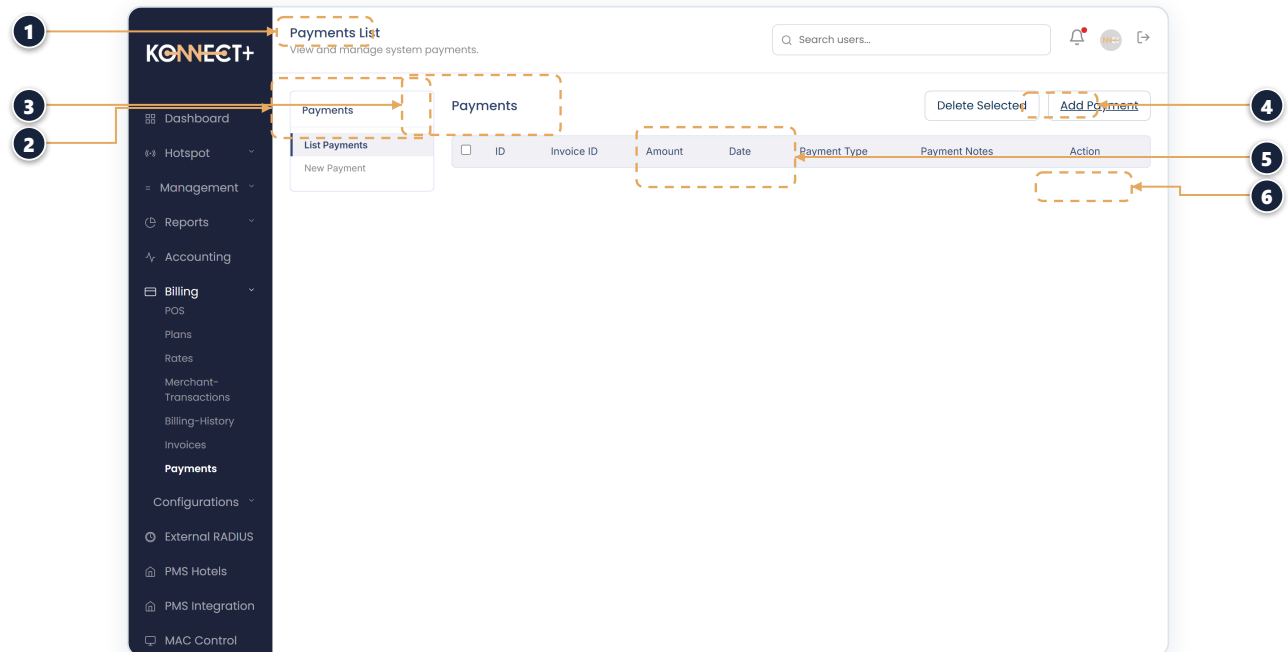

WHAT EACH CONTROL DOES

- | | |
|---|--|
| <p>1 Page title
Which screen you're on.</p> <p>2 Section menu
The links for this section (list / new / import...).</p> <p>3 List heading
Invoices.</p> | <p>4 New invoice
Create an invoice.</p> <p>5 Table
The records shown in a sortable table.</p> <p>6 Row actions
Edit or delete each row.</p> |
|---|--|

21. Billing — Payments

Recorded payments against invoices.

WHAT EACH CONTROL DOES

- | | |
|---|---|
| <p>1 Page title
Which screen you're on.</p> <p>2 Section menu
The links for this section (list / new / import...).</p> <p>3 List heading
Payments.</p> | <p>4 New payment
Record a payment.</p> <p>5 Table
The records shown in a sortable table.</p> <p>6 Row actions
Edit or delete each row.</p> |
|---|---|

The screenshot shows the KONNECT+ User Settings page. The left sidebar contains a navigation menu with items like Dashboard, Hotspot, Management, Reports, Accounting, Billing, Configurations, and External RADIUS. The main content area is titled 'User Settings' and includes a search bar, a 'General Settings' tab, and a 'Settings' section for 'User Configuration'. The 'Settings' section contains a 'DB Password Encryption Type' dropdown set to 'cleartext' and an 'Allowed Random Characters' text box containing 'abcdefghijklmnopqrstuvwxyzABCDEFGHIJKLMNOPQRSTUVWXYZ'. An 'Apply' button is at the bottom. Numbered callouts 1 through 4 highlight specific elements: 1 points to the KONNECT+ logo, 2 points to the 'User Settings' tab, 3 points to the 'DB Password Encryption Type' dropdown, and 4 points to the 'Allowed Random Characters' text box.

- 1 Page title**
Which screen you're on.
- 2 Config menu**
General / Reporting / Maintenance / Operators / Backup.
- 3 Settings form**
Change the general options here.
- 4 Save**
Save the settings.

23. Configuration — Operators

The people who can sign in to this console, and what each may do (ACL).

The screenshot shows the KONECT+ interface for managing operators. The left sidebar contains a menu with items like Dashboard, Hotspot, Management, Reports, Accounting, Billing, Configurations, External RADIUS, PMS Hotels, PMS Integration, MAC Control, Email Filter, and Email. The main content area is titled 'List Operators' and includes a search bar, a 'Delete Selected' button, and an 'Add Operator' button. Below these is a table with columns for ID, Username, Password, Full Name, Title, and Action. The table contains two rows: one for 'administrator' and one for 'demo'. The 'Action' column for each row contains edit and delete icons.

Numbered callouts point to the following elements:

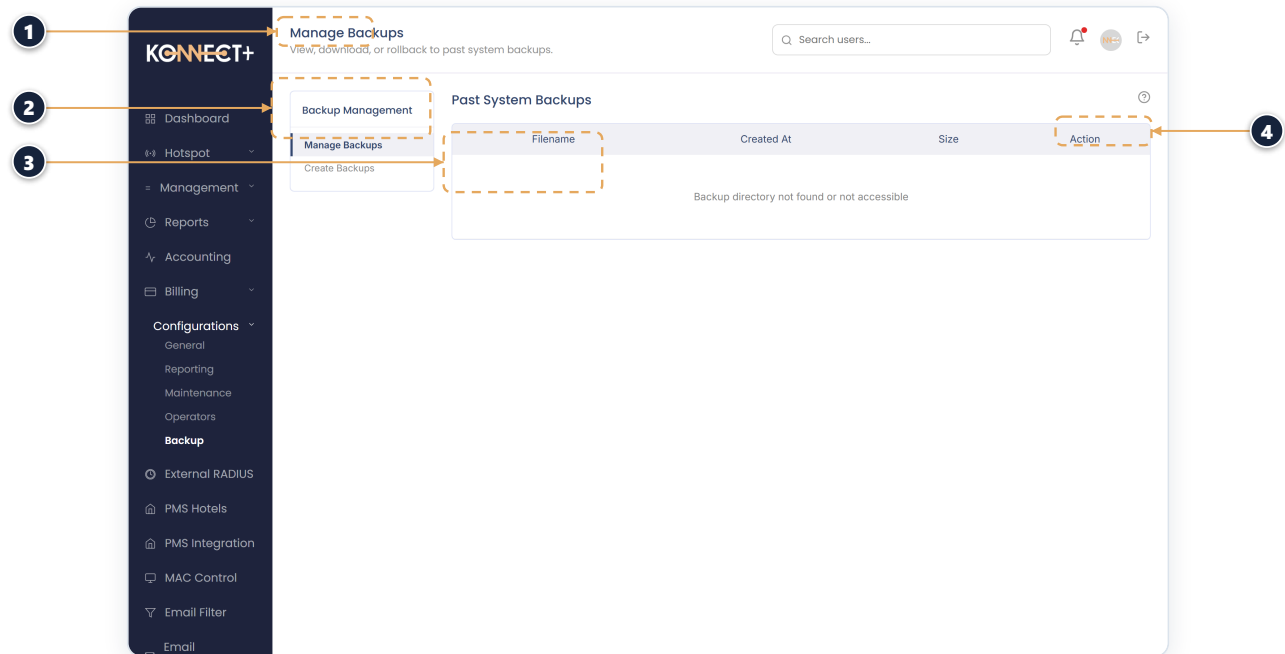

- 1: Page title (KONECT+)
- 2: Section menu (Operators)
- 3: List heading (List Operators)
- 4: New operator button (Add Operator)
- 5: Table (Operators List)
- 6: Row actions (Edit and Delete icons)

WHAT EACH CONTROL DOES

- | | |
|--|--|
| <p>1 Page title
Which screen you're on.</p> <p>2 Section menu
The links for this section (list / new / import...).</p> <p>3 List heading
Operator accounts.</p> | <p>4 New operator
Create a console login.</p> <p>5 Table
The records shown in a sortable table.</p> <p>6 Row actions
Edit or delete each row.</p> |
|--|--|

24. Configuration — Backup

Back up and restore the system configuration and data.

WHAT EACH CONTROL DOES

- | | |
|--|--|
| 1 Page title
Which screen you're on. | 3 Backups
Existing backups; create or restore from here. |
| 2 Config menu
Switch config area. | 4 Create backup
Make a new backup. |

25. External RADIUS

Point KONNECT+ at an external RADIUS / AAA server (roaming or a central backend) and check its status.

KONNECT+

External RADIUS Integration
Configure remote RADIUS server for authentication.

Search users...

WHAT EACH CONTROL DOES

- | | |
|---|--|
| 1 Section title
The External RADIUS area. | 2 Server settings
Host, secret, ports and options for the external server. |
|---|--|

26. PMS Hotels

Hotels whose Property-Management-System (Opera) is linked, so guests log in with room + name. Guest counts sync automatically.

WHAT EACH CONTROL DOES

- | | |
|---|--|
| <p>1 Page title
Which screen you're on.</p> <p>2 Global Sync
Re-sync every hotel from its PMS now.</p> <p>3 Add Hotel
Link a new hotel's PMS.</p> <p>4 Hotel
The linked property.</p> <p>5 IP / Host
The Opera server address.</p> | <p>6 Opera SID / User
The Opera connection.</p> <p>7 WiFi Plan
The plan applied to that hotel's guests.</p> <p>8 Status
Active / paused link.</p> <p>9 Guest Count
In-house guests synced.</p> <p>10 Row actions
Sync, edit, pause or delete the hotel.</p> |
|---|--|

27. PMS Integration

Set how many devices each room may use, and see the in-house guests synced from Opera (room + name login).

The screenshot shows the KONECT+ PMS Integration interface. The left sidebar contains a navigation menu with items: Dashboard, Hotspot, Management, Reports, Accounting, Billing, Configurations, External RADIUS, PMS Hotels, PMS Integration, MAC Control, Email Filter, Email Campaigns, PMS History, PMS Collection, and Login Page. The main content area is titled 'PMS Integration' and 'Opera PMS guest data management'. It features a 'Max Devices per Room' section with a 'Default Max Devices (all rooms)' input set to 20 and an 'Apply to all rooms' button. Below this is a 'Custom Override - Select Room' section with a 'select room' dropdown and a 'Max Devices' input set to 3, with a 'Set for room' button. At the bottom, there is a 'PMS Guests' section with a 'All Hotels' filter and a 'Sync from Opera' button. A table of guests is displayed with columns: Room, Conf#, First Name, Last Name, Title, Gender, Nationality, Birth Date, Passport, and VIP. The table contains six rows of guest data.

Room	Conf#	First Name	Last Name	Title	Gender	Nationality	Birth Date	Passport	VIP
1001	49021			Mr.	M	DE			
2804	49022			Mrs.	F	NO			
2503	49478			Ms	F	DK			
2504	49479			Mr.	M	DK			
2514	49681			Mrs.	F	IN			
3011	49634			Mr.	M	GB			

WHAT EACH CONTROL DOES

- 1 Page title**
Which screen you're on.
- 2 Max Devices per Room**
Set the per-room device limit.
- 3 Default Max Devices**
Limit applied to all rooms.
- 4 Apply to all rooms**
Apply that default everywhere.
- 5 Select Room**
Pick a room to override.
- 6 Max Devices (room)**
Override limit for that room.
- 7 Set for room**
Save the room override.
- 8 PMS Guests**
In-house guests from the PMS.
- 9 Hotel filter**
One hotel or all hotels.
- 10 Sync from Opera**
Pull the latest guests now.
- 11 Add guest**
Add a guest manually.
- 12 Guests table**
Room, name, nationality, birth date, passport, VIP.

28. PMS History

A searchable history of checked-out guests, with totals and filters.

The screenshot shows the KONECT+ management platform's PMS History dashboard. The interface includes a sidebar menu on the left with items like Dashboard, Hotspot, Management, Reports, Accounting, Billing, Configurations, External RADIUS, PMS Hotels, PMS Integration, MAC Control, Email Filter, Email Campaigns, PMS History (highlighted), PMS Collection, and Login Page. The main content area is titled 'Dashboard' and 'PMS History'. It features a search bar at the top right, a 'Total Checked-Out Guests' card showing 21, a 'This Month' card showing 0, a 'Nationalities' card showing 4, and a 'Filtered Results' card showing 21. Below these are filter controls for Search (name, room, email), Date From/To (mm/dd/yyyy), and Nationality (All Nationalities). A table of guest records is displayed at the bottom with columns: Room, First name, Last name, Gender, Nationality, Birth date, Passport, Email, and Phone. Numbered callouts 1-11 point to specific UI elements: 1 (Page title), 2 (Export button), 3 (Clear All button), 4 (Total Checked-Out Guests), 5 (This Month), 6 (Nationalities), 7 (Filtered Results), 8 (Search & filters), 9 (Filter button), 10 (Reset button), and 11 (Guests table).

WHAT EACH CONTROL DOES

- | | |
|---|--|
| <p>1 Page title
PMS History — past (checked-out) guests.</p> <p>2 Export
Export the history.</p> <p>3 Clear All
Delete all history records.</p> <p>4 Total Checked-Out
All checked-out guests.</p> <p>5 This Month
Checked out this month.</p> <p>6 Nationalities
Distinct nationalities.</p> | <p>7 Filtered Results
Rows matching the filter.</p> <p>8 Search & filters
Search by name/room/e-mail, date range, nationality.</p> <p>9 Filter
Apply the filter.</p> <p>10 Reset
Clear it.</p> <p>11 Guests table
Room, name, gender, nationality, birth date, passport, e-mail, phone.</p> |
|---|--|

29. PMS Collection

Marketing data collected from PMS guest logins (name, e-mail) — filterable and exportable.

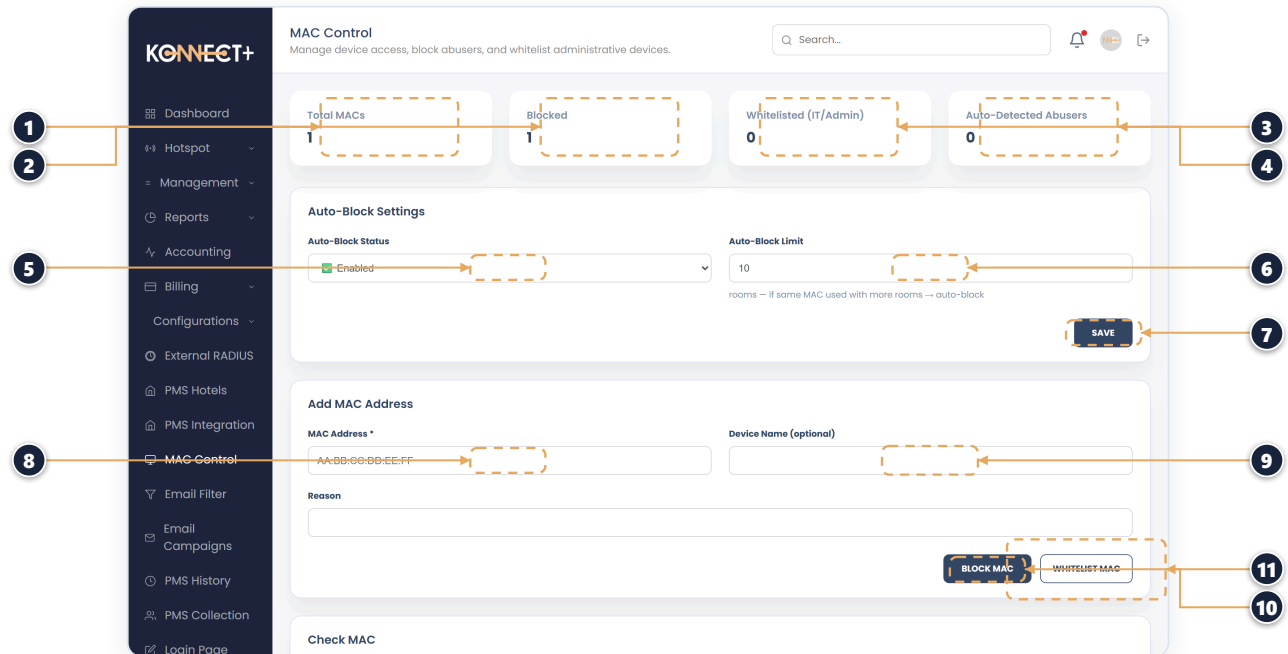

The screenshot shows the KONECT+ PMS Collection interface. On the left is a dark sidebar with navigation links: Dashboard, Hotspot, Management, Reports, Accounting, Billing, Configurations, External RADIUS, PMS Hotels, PMS Integration, MAC Control, Email Filter, Email Campaigns, PMS History, PMS Collection, and Login Page. The main content area is titled 'PMS Collection' and includes a search bar, a 'Marketing data collected from PMS guest logins' subtitle, and a 'PMS Collection' section with three summary cards: 'TOTAL RECORDS' (4), 'UNIQUE EMAILS' (2), and 'ROOMS' (1). Below these are filter inputs for 'Room Number' (with a dropdown showing 'eg: 101'), 'Date From' (mm/dd/yyyy), and 'Date To' (mm/dd/yyyy). There are 'Filter' and 'Reset' buttons. At the bottom is a table with columns: Id, Room, Reservation id, First name, Last name, Email, Phone, and Login time. The table contains four rows of data. Numbered callouts point to various elements: 1 (Page title), 2 (Enable button), 3 (Export button), 4 (Total Records card), 5 (Unique Emails card), 6 (Rooms card), 7 (Filter input), 8 (Filter button), 9 (Reset button), and 10 (Records table).

WHAT EACH CONTROL DOES

- | | |
|--|---|
| <p>1 Page title
Which screen you're on.</p> <p>2 Enable
Turn collection on/off.</p> <p>3 Export
Export the collected data.</p> <p>4 Total Records
Records collected.</p> <p>5 Unique Emails
Distinct e-mails.</p> | <p>6 Rooms
Rooms represented.</p> <p>7 Filters
Filter by room and date range.</p> <p>8 Filter
Apply.</p> <p>9 Reset
Clear.</p> <p>10 Records table
Id, room, reservation, name, e-mail, phone, login time.</p> |
|--|---|

30. MAC Control

Allow or block devices by MAC address, and auto-block abusers (a MAC used across too many rooms).

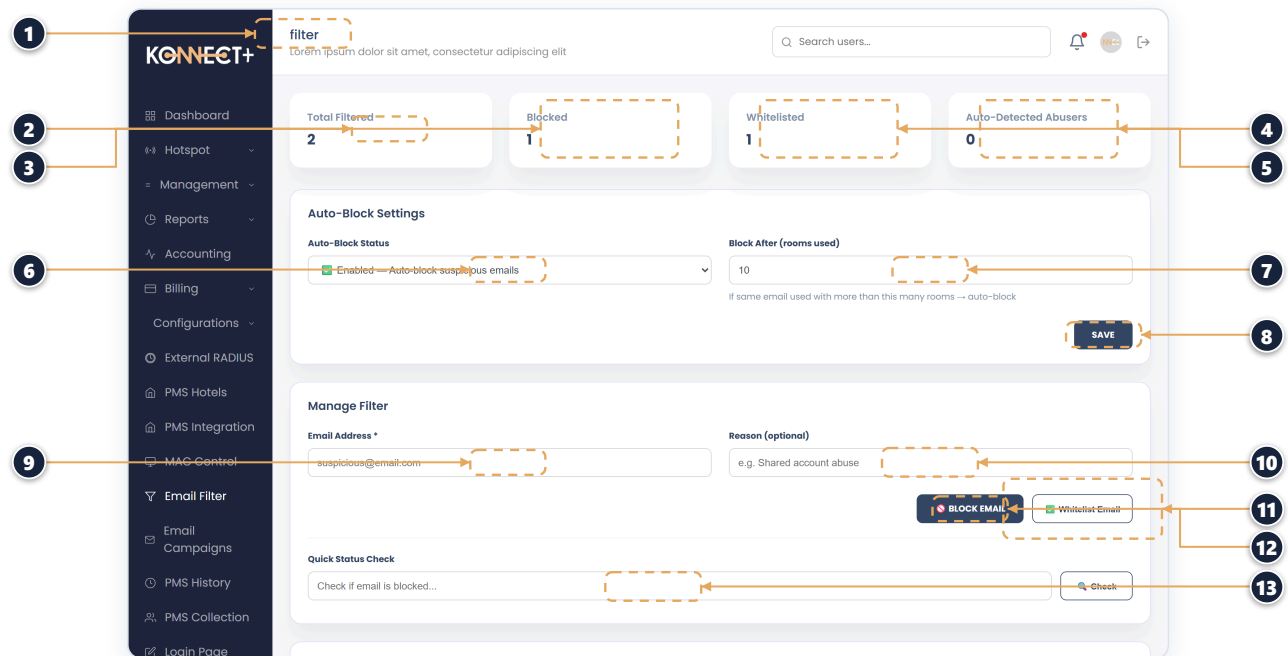

WHAT EACH CONTROL DOES

- | | |
|--|--|
| <p>1 Total MACs
MACs on record.</p> <p>2 Blocked
Currently blocked.</p> <p>3 Whitelisted
IT/admin devices always allowed.</p> <p>4 Auto-Detected
Abusers caught automatically.</p> <p>5 Auto-Block status
Turn automatic blocking on/off.</p> <p>6 Auto-Block limit
How many rooms before a MAC is auto-blocked.</p> | <p>7 Save
Save the auto-block settings.</p> <p>8 MAC address
The device to add.</p> <p>9 Device name
Optional label.</p> <p>10 Block MAC
Block this device.</p> <p>11 Whitelist MAC
Always allow this device.</p> |
|--|--|

31. Email Filter

Block or whitelist e-mail addresses for social / e-mail Wi-Fi login, and auto-block suspicious ones.

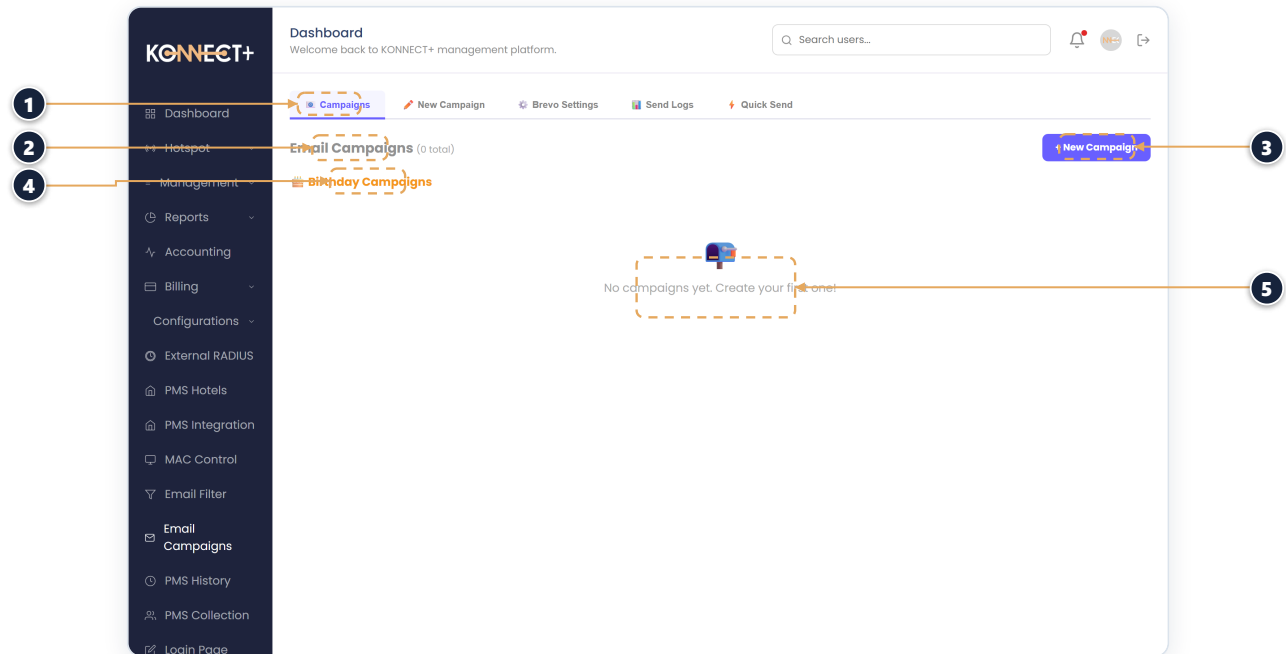

WHAT EACH CONTROL DOES

- | | |
|---|---|
| <p>1 Page title
Which screen you're on.</p> <p>2 Total Filtered
E-mails on record.</p> <p>3 Blocked
Currently blocked.</p> <p>4 Whitelisted
Always allowed.</p> <p>5 Auto-Detected
Abusers caught automatically.</p> <p>6 Auto-Block status
Auto-block suspicious e-mails on/off.</p> <p>7 Block After
Rooms before an e-mail is auto-blocked.</p> | <p>8 Save
Save the auto-block settings.</p> <p>9 Email address
The e-mail to block / whitelist.</p> <p>10 Reason
Optional note.</p> <p>11 Block Email
Block this e-mail.</p> <p>12 Whitelist Email
Always allow this e-mail.</p> <p>13 Quick status check
Check whether an e-mail is blocked.</p> |
|---|---|

32. Email Campaigns

Send marketing / notification e-mails (e.g. birthday) to your captured guest e-mail list.

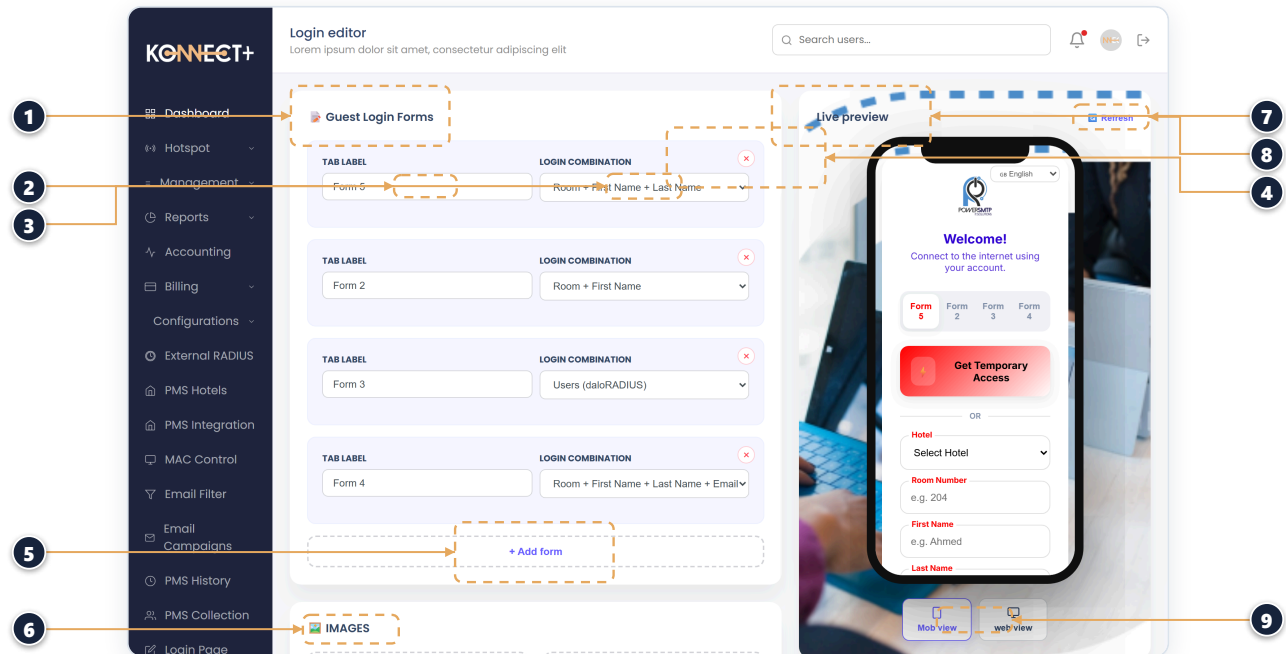

WHAT EACH CONTROL DOES

- | | |
|--|--|
| <p>1 Tabs
Campaigns · New Campaign · Brevo Settings · Send Logs · Quick Send.</p> | <p>3 New Campaign
Start a new campaign.</p> |
| <p>2 Email Campaigns
Your campaigns (count shown).</p> | <p>4 Birthday Campaigns
Automated birthday e-mails.</p> |
| | <p>5 Campaign list
Your campaigns appear here.</p> |

33. Login Page editor

Design the guest captive-portal: which login forms appear, their fields, and the images — with a live phone preview.

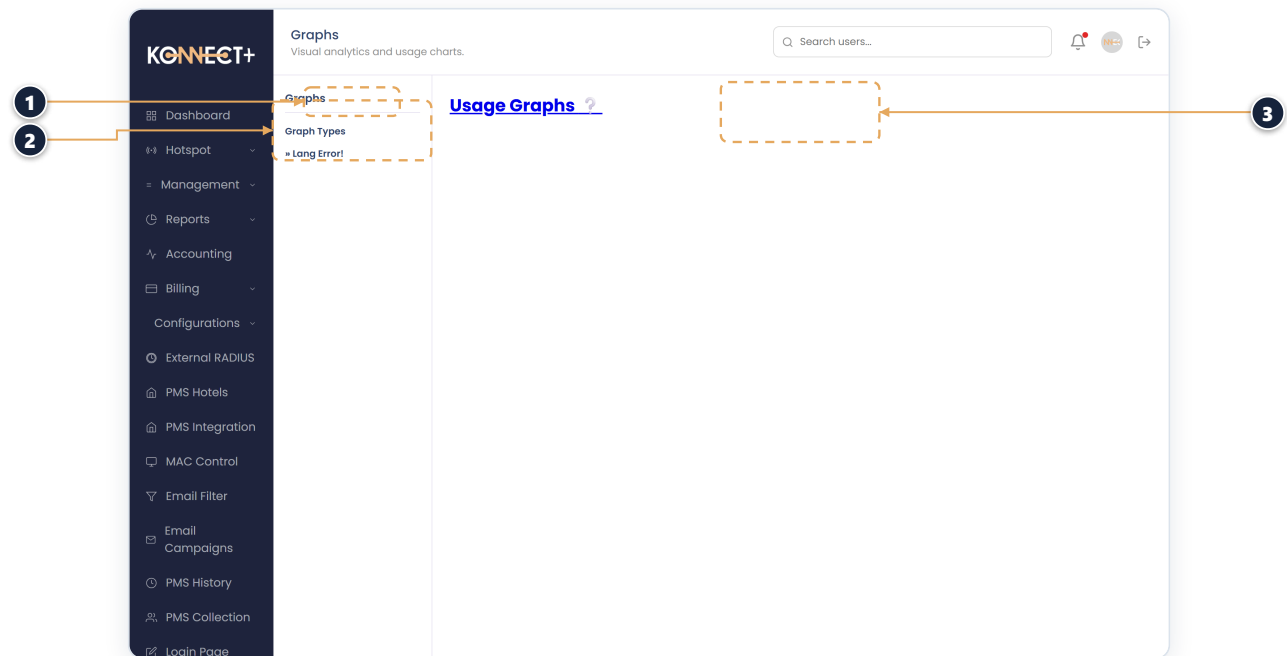

WHAT EACH CONTROL DOES

- | | |
|---|---|
| <p>1 Guest Login Forms
The tabs guests see on the portal.</p> <p>2 Tab label
The name shown on the tab.</p> <p>3 Login combination
Which fields that form asks for (room, name, e-mail...).</p> <p>4 Remove form
Delete this form tab.</p> <p>5 Add form
Add another login form/tab.</p> | <p>6 Images
Portal logo / background images.</p> <p>7 Live preview
See the portal update as you edit.</p> <p>8 Refresh
Reload the preview.</p> <p>9 Mob / web view
Preview on phone or desktop.</p> |
|---|---|

34. Graphs

Visual usage graphs — logins over time, traffic totals and the most active users.

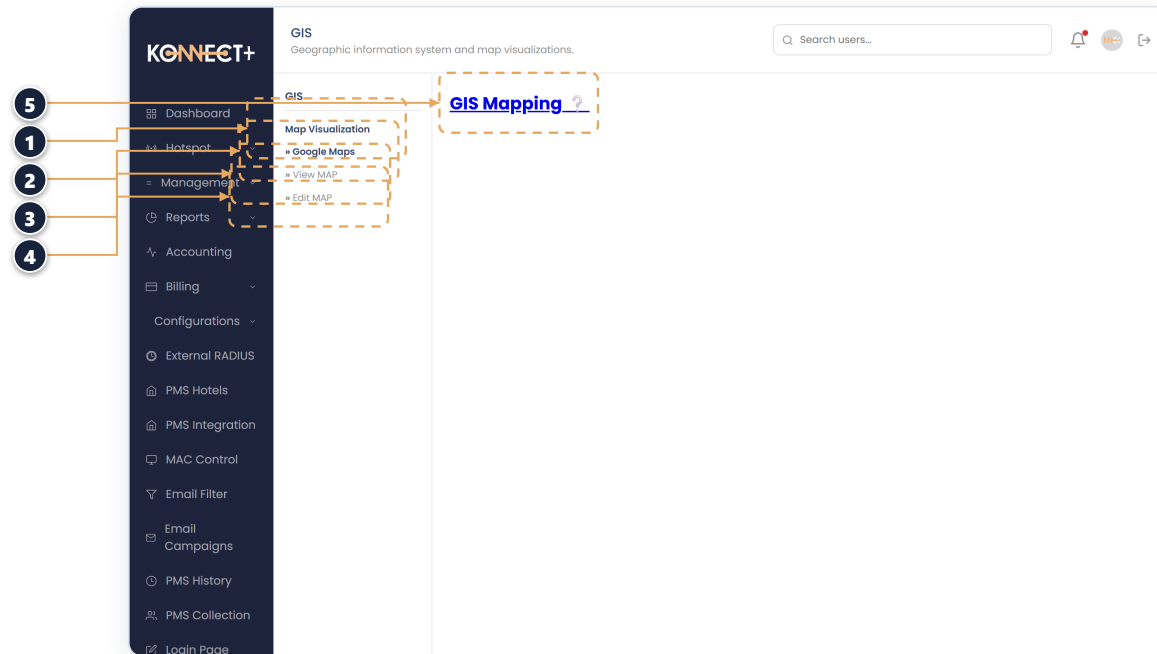

WHAT EACH CONTROL DOES

- | | |
|--|--|
| 1 Section title
The Graphs area. | 3 Chart area
The chart renders here. |
| 2 Graph menu
Pick a chart. | |

35. GIS / Hotspot map

A geographic map of your hotspots and sessions (Google Maps).

WHAT EACH CONTROL DOES

- | | |
|--|--|
| <p>1 Map Visualization
The mapping section.</p> <p>2 Google Maps
Show hotspots on the map.</p> <p>3 View MAP
Open the live map.</p> | <p>4 Edit MAP
Place / move markers.</p> <p>5 GIS Mapping
The map opens here.</p> |
|--|--|
